Purifiers, Safari, Victoria Falls
September 28th - October 9th

CORPORATE SPONSORS

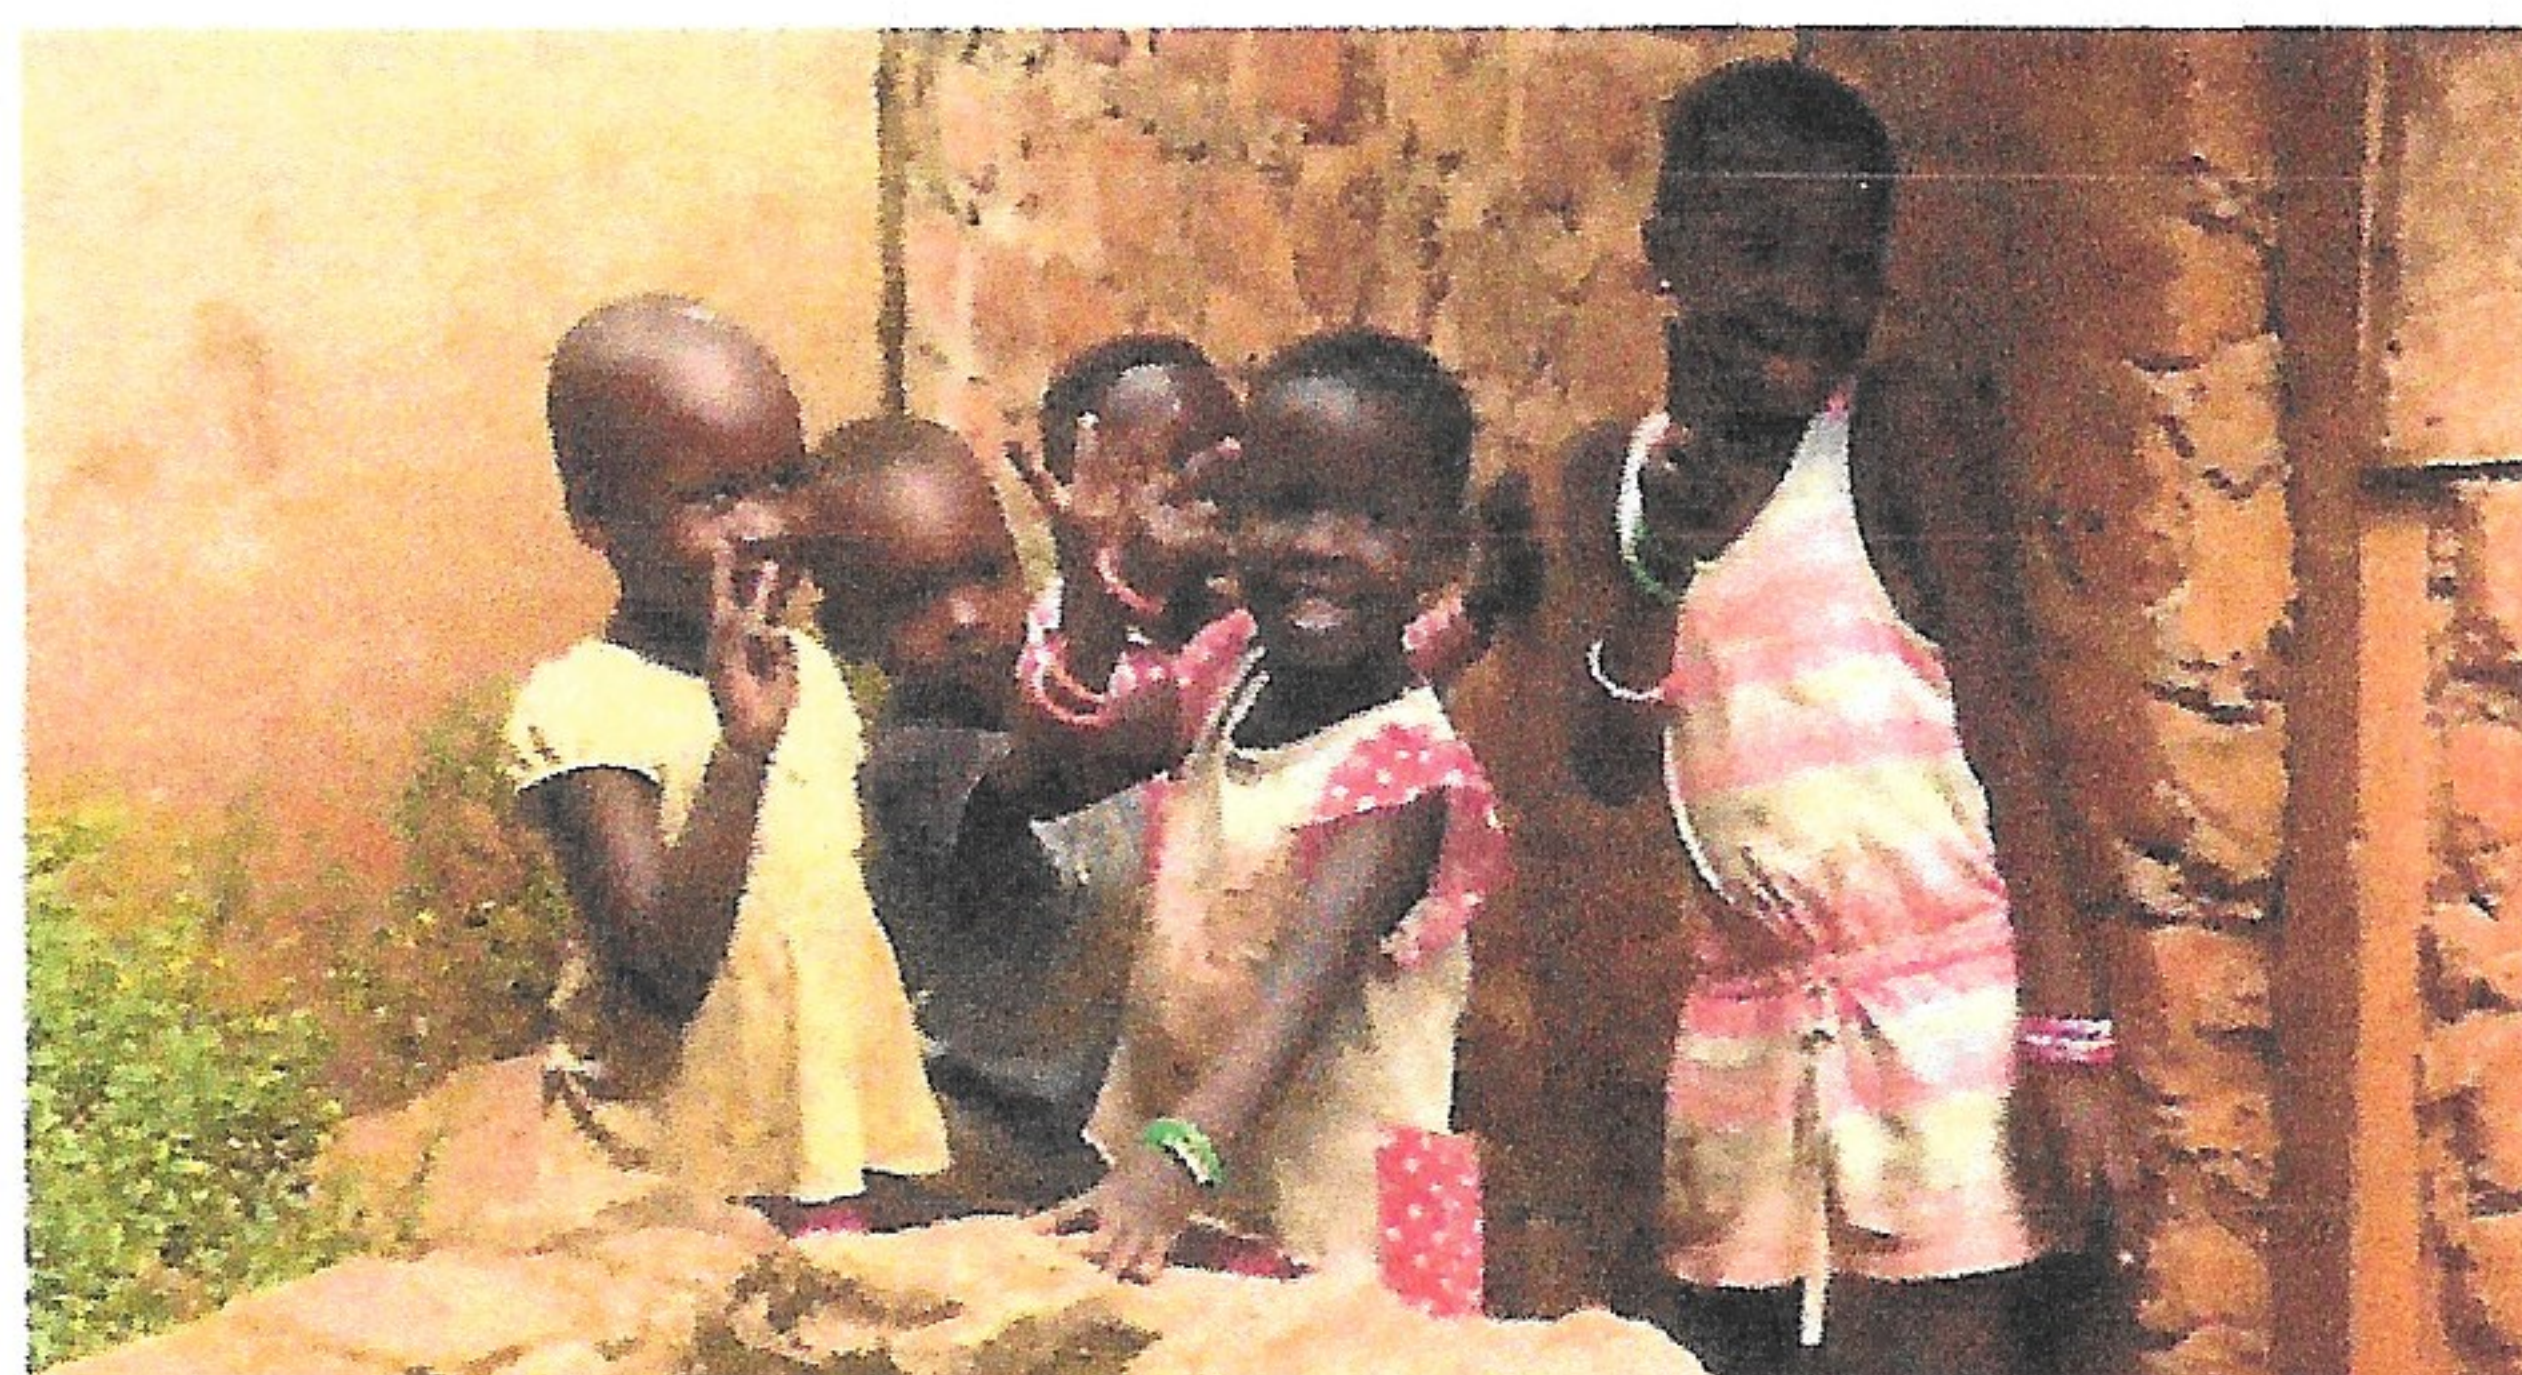

Together we are making a difference

We are blown away by the love, generosity, and support Fountains of Hope was shown through 2021. The giving of time, talents, and treasures has truly made a difference in so many lives around the world. Each of us did a part that God called us to and because of that, we were able to have a wonderful year filled with love, laughter, and most important of all, an impact on the lives of children and families around the world.

Bill and the FoH Board would like to say thank you to all the sponsors and guests that participated in our 2021 events. Thank you to all our faithful sponsors and generous donors. We are praising God for the generous hearts he has placed on our pathway.

FoH is thrilled to announce that we have already been to Zimbabwe this year and, we have the pleasure of working with Young Life during several of our upcoming 2022 trips. You're welcome to join us on a life changing mission trip. Please visit fountainsofhope.org for more information.

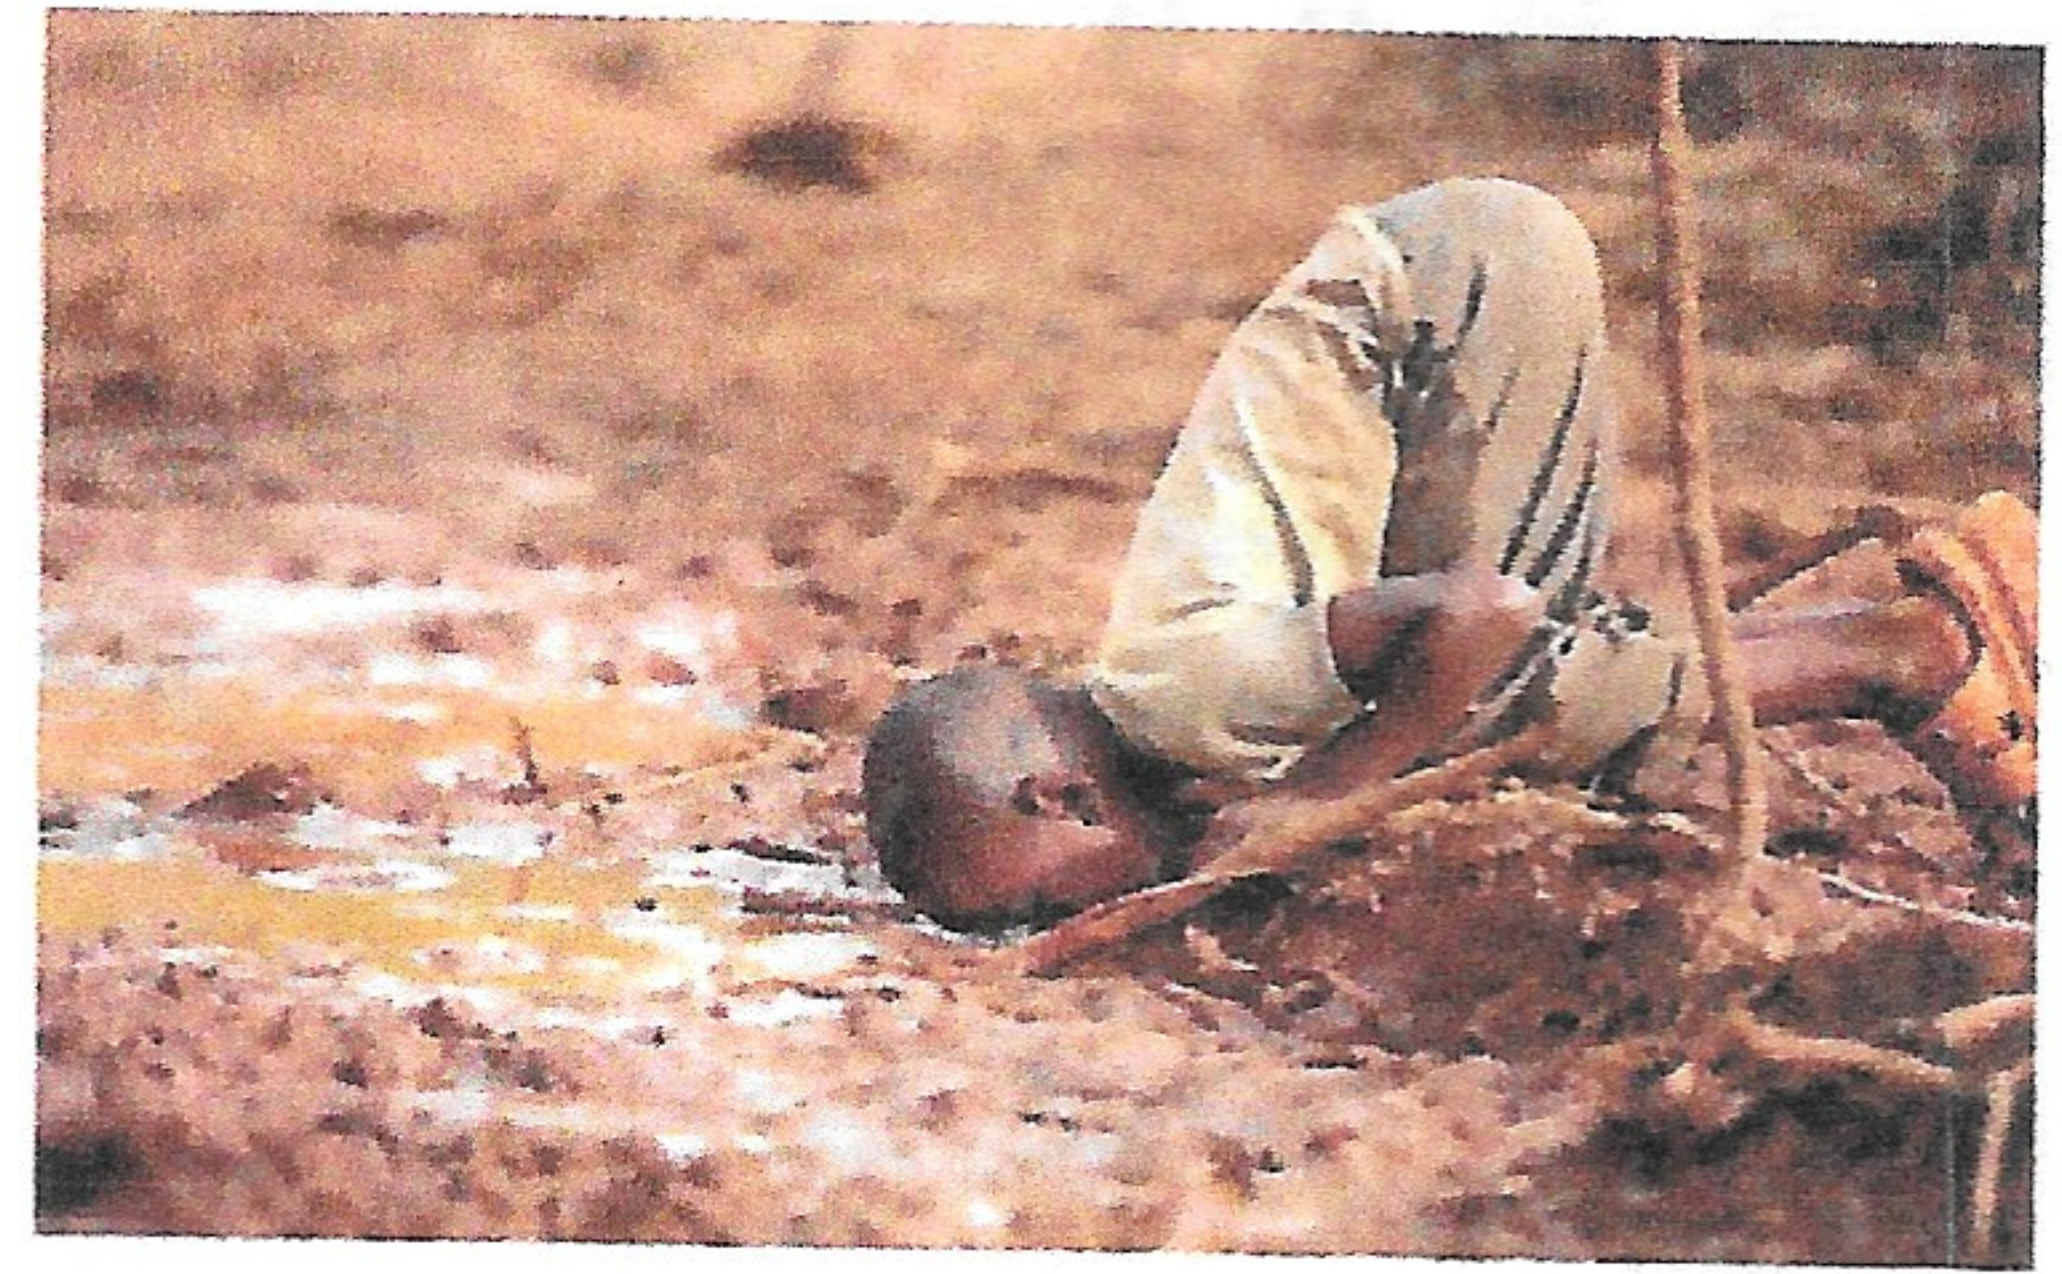

Welcome to the FoH Team Tara Stanton

FoH is thrilled to welcome Tara Stanton to the Fountains of Hope team as our new Office Manager.

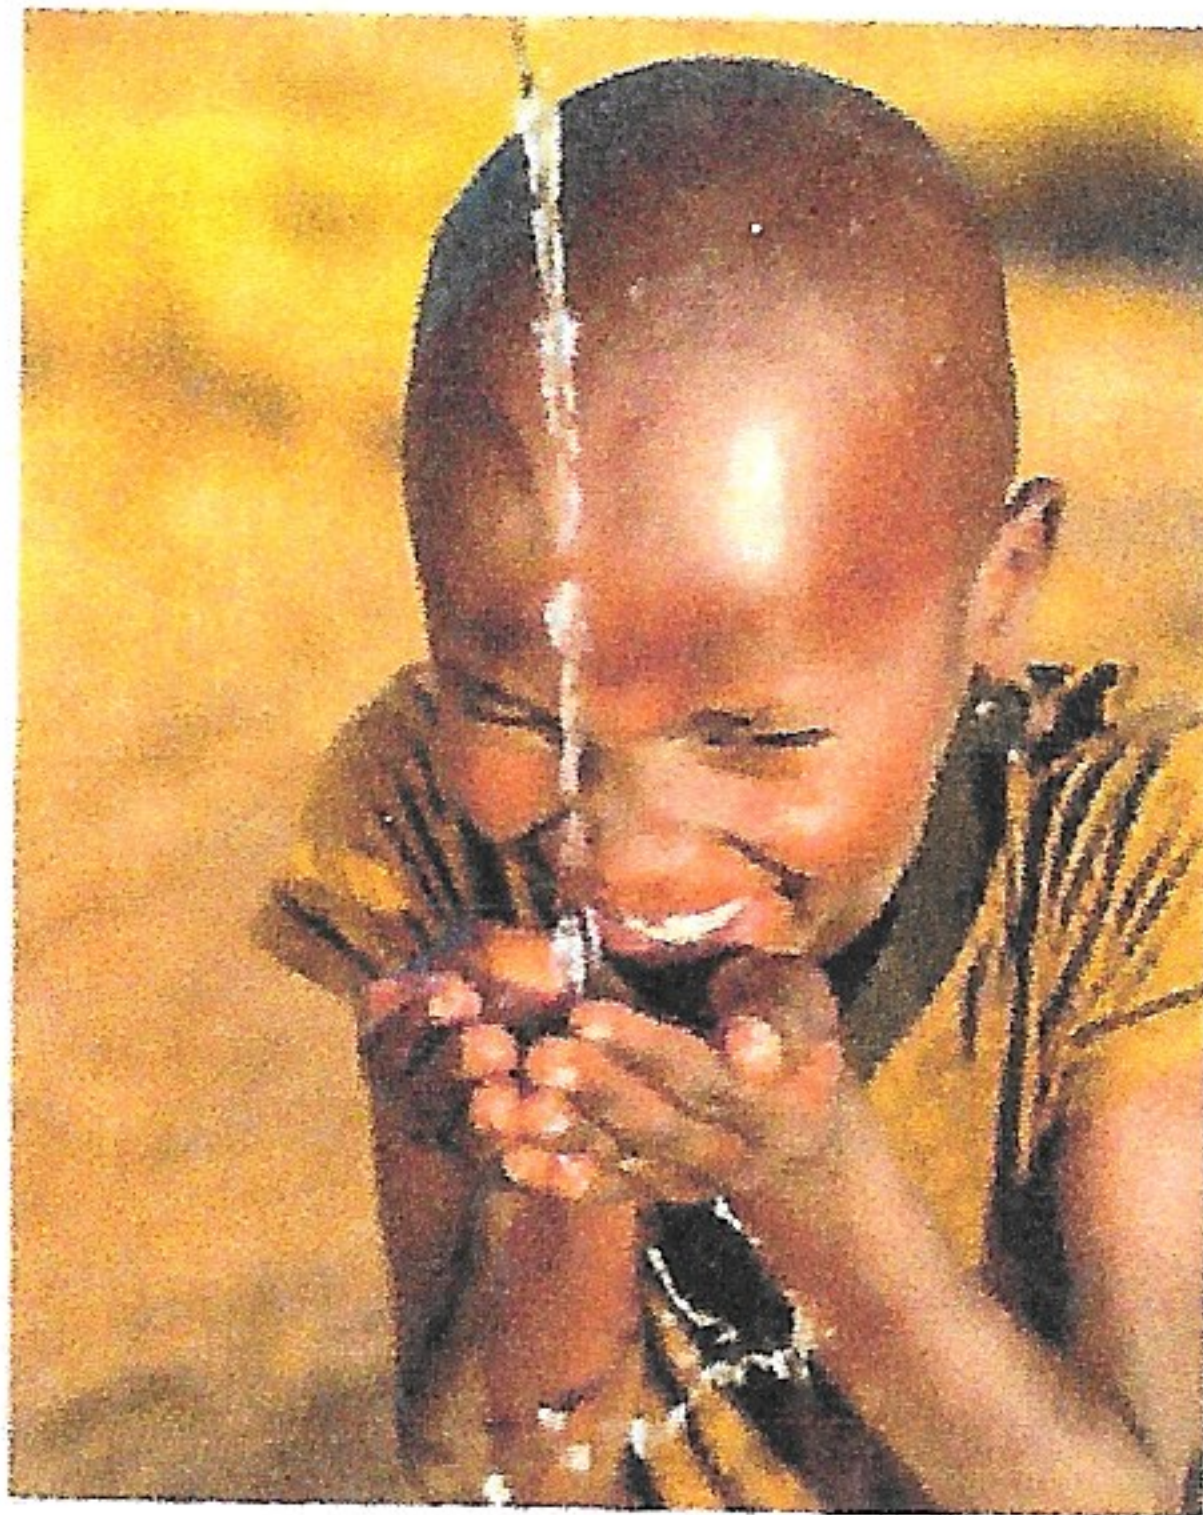

Tara states, "Bill and Kathy Farrar are such warm and welcoming people. The more I got to know them the more I realized they are the kind of people I want to surround myself with. As I learned about Bill and Kathy's heart and passion to help provide safe water, food, and education for children and families around the world, the more I wanted to be involved. I feel so blessed to be a part of this mission and calling God has placed on their lives. I'm excited to share memories with them as well as all of you! We are so grateful for all the prayers, time, and talents that have been poured into FoH thus far. Please contact me at tara@fountainsofhope.org."

Did you know a child dies every 45 seconds from waterborn disease?

The pandemic has changed our lives the past few years but one thing has not changed. The heart of mankind desires to share love and support for the developing countries around the world. Due to your love, prayers, and support, we are happy to announce that FoH has been to 17 countries and installed 250+ purifier systems around the world in the past 13 years. It's amazing to think that just one two-tank Fountains of Hope water purification system can treat up to 3,600 gallons per hour and serve 500-1000 people safe drinking water each and every day! It's a portable miniature water treatment facility for a school/orphanage.

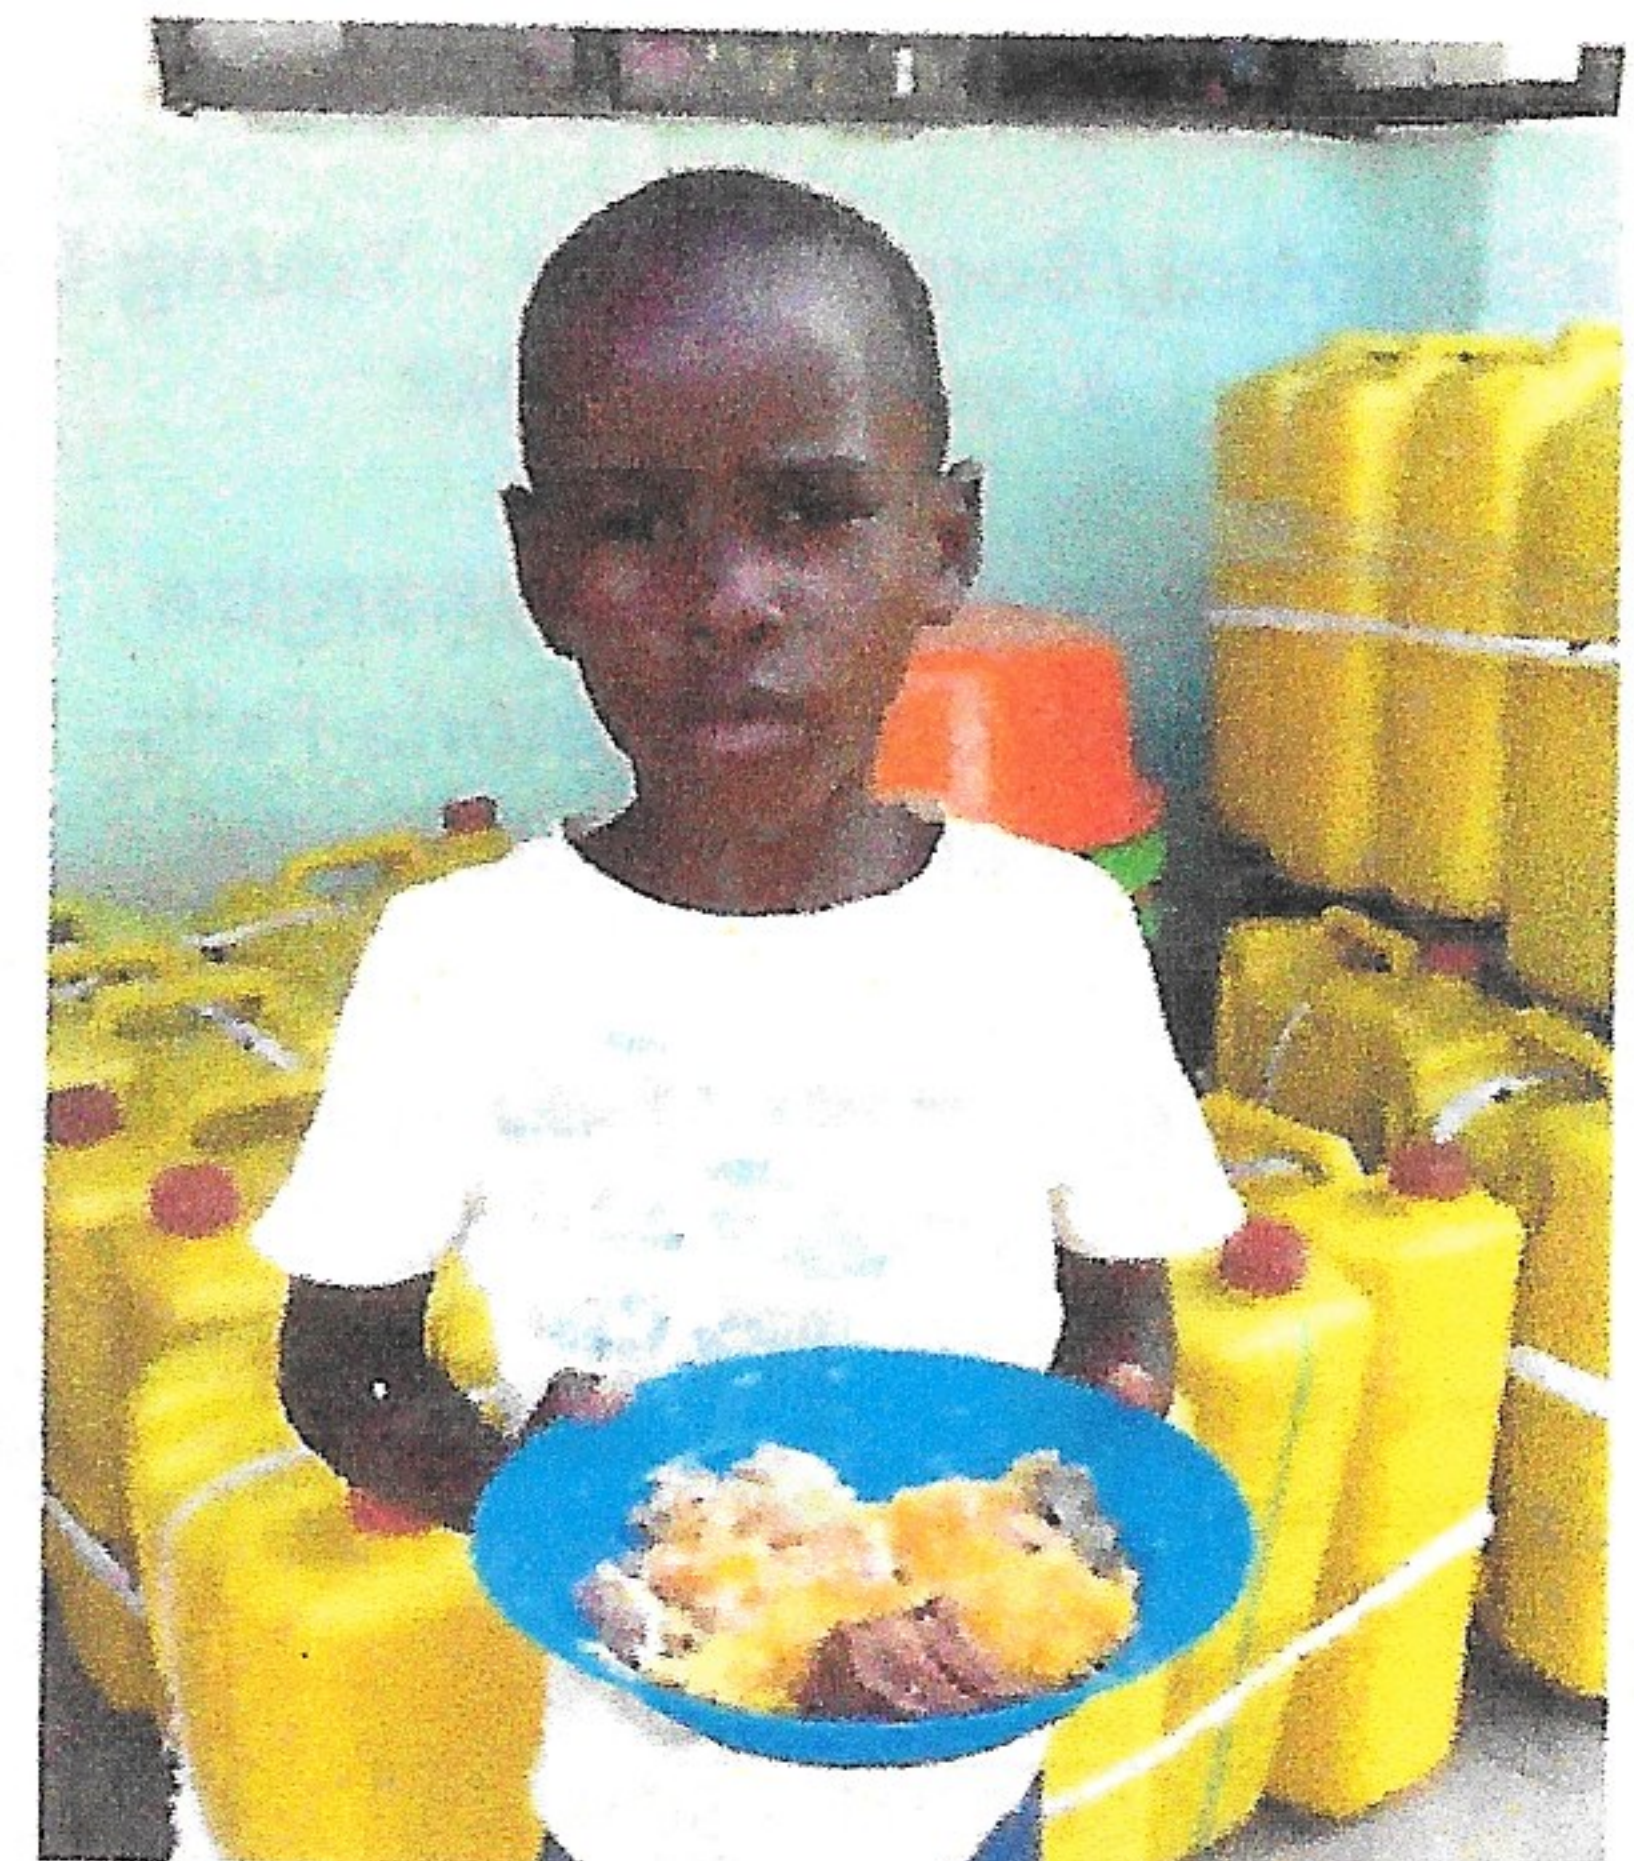

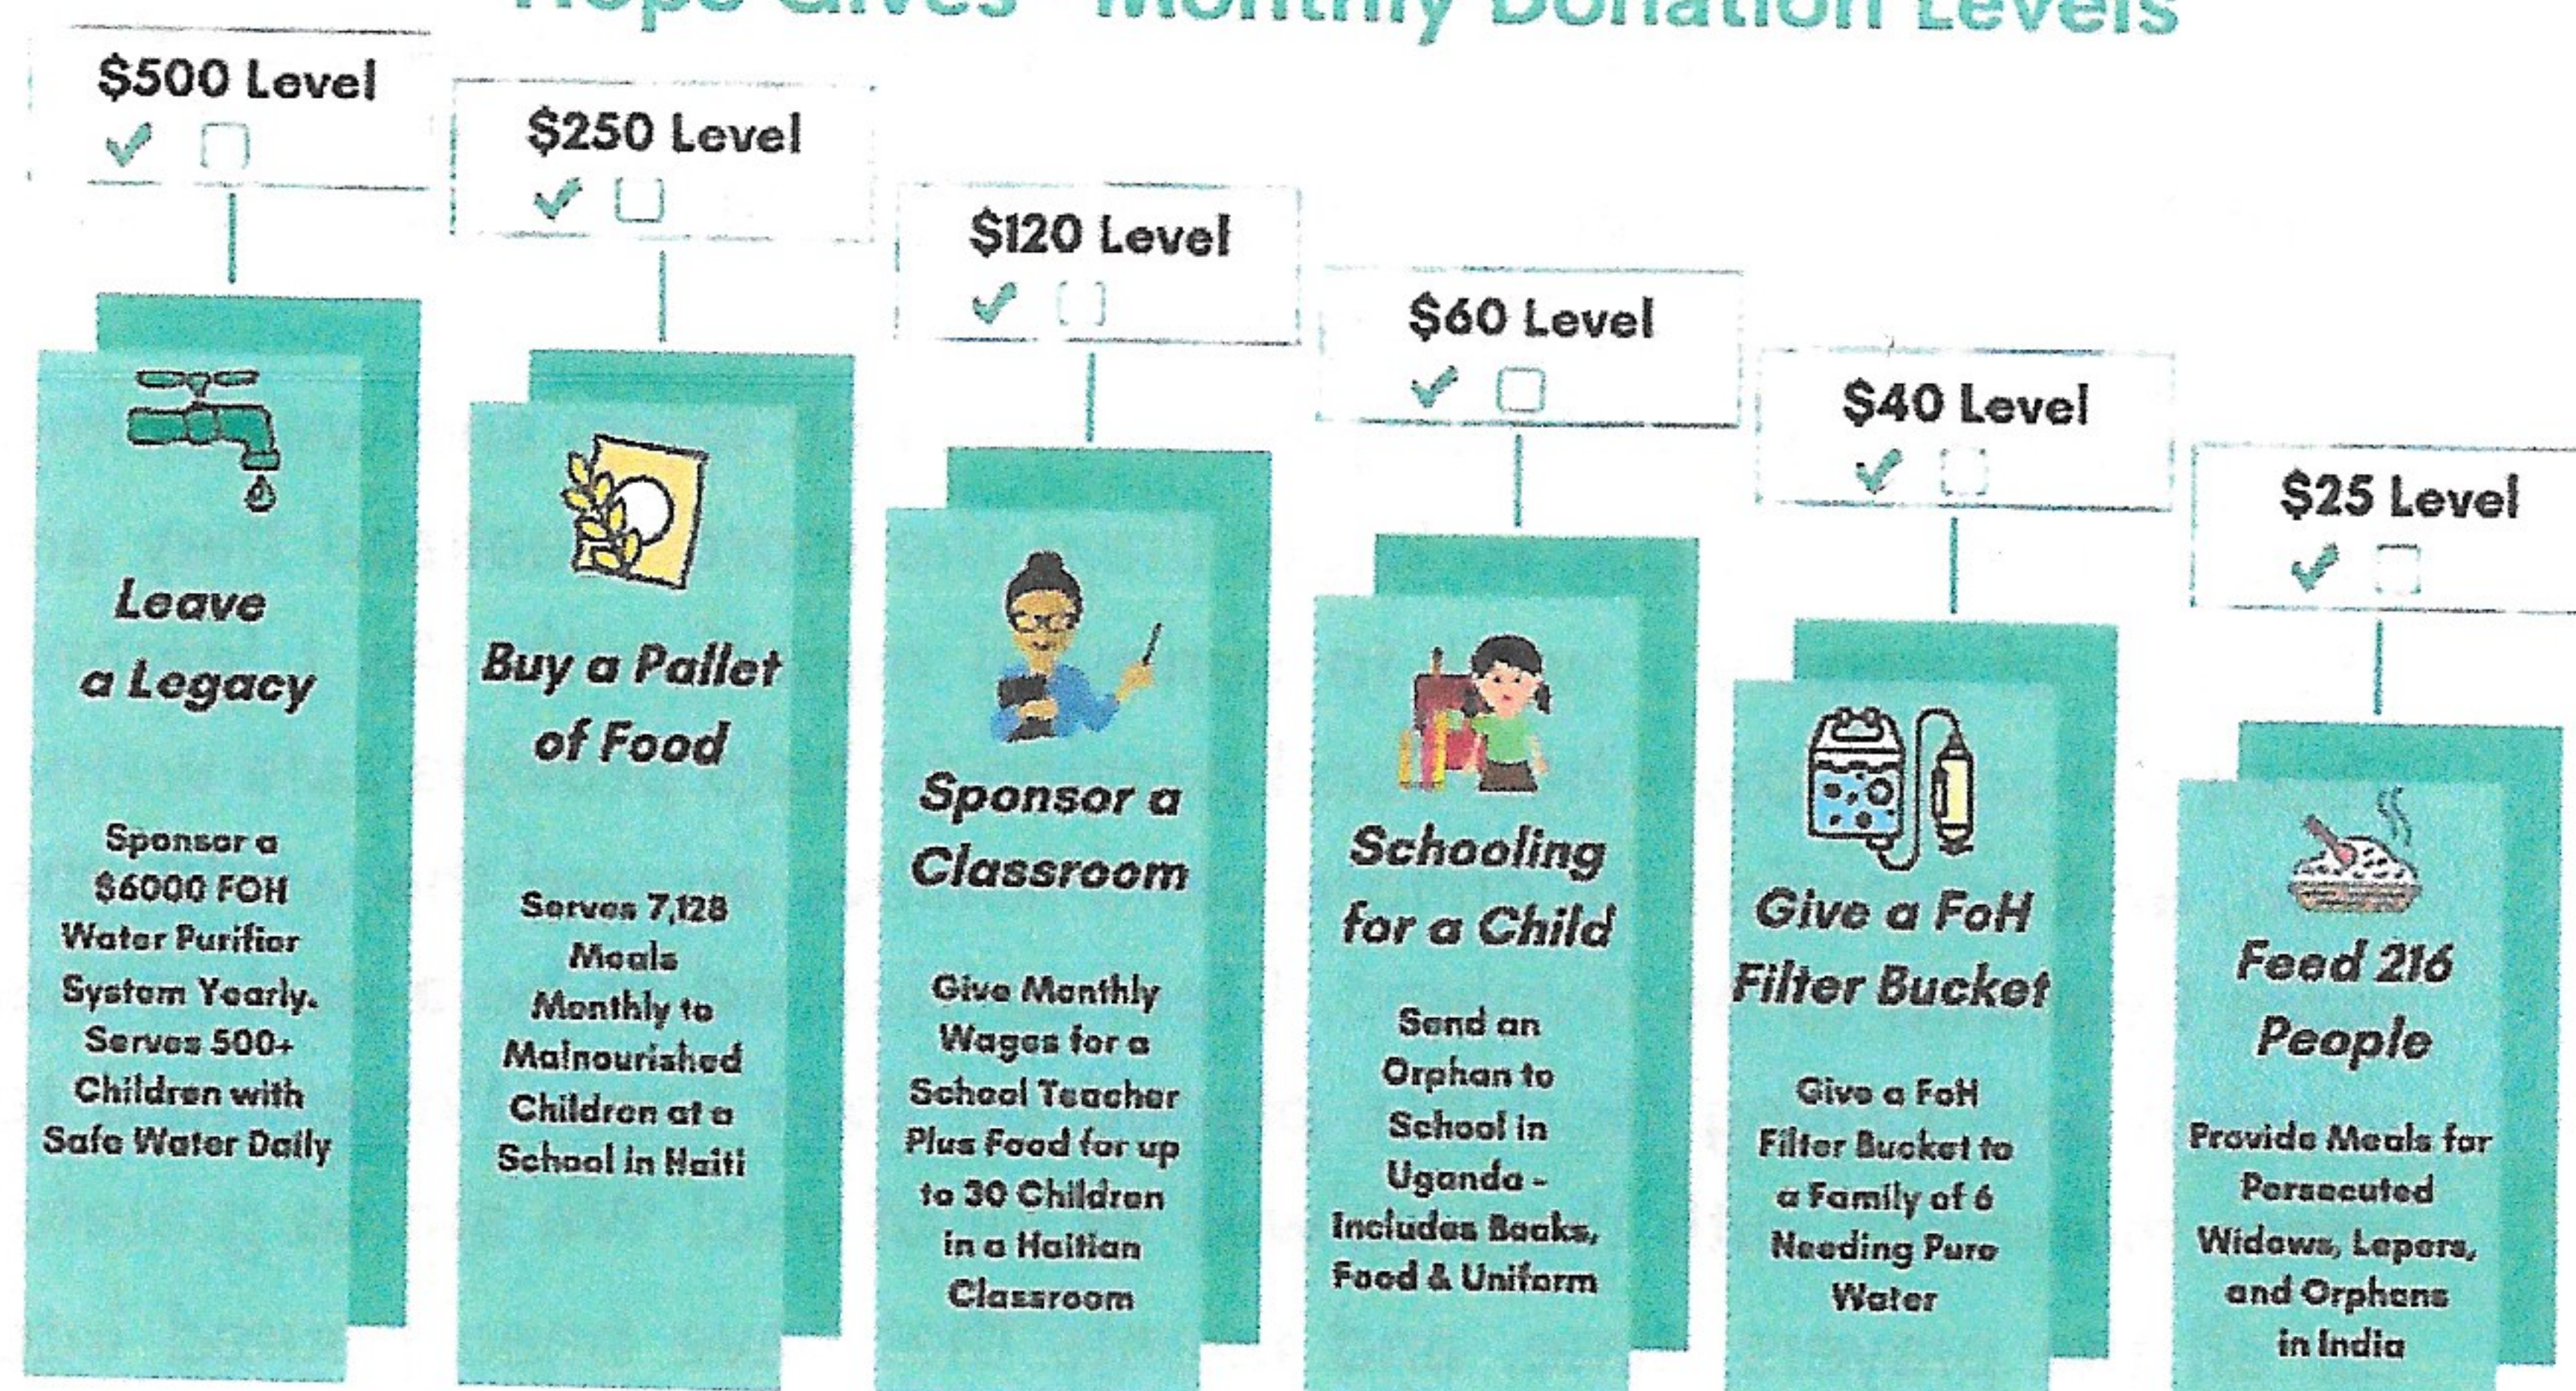

"For I will pour water on the thirsty land, and streams on the dry ground; I will pour out my Spirit on your offspring, and my blessing on your descendants." Isaiah 44:3

As traveling had been made more difficult through the Covid-19 pandemic, Bill and the FoH board are determined to continue to find ways to bless the developing countries around the world. In 2020 FoH started feeding and educating children as additional ways to give support to these countries. FoH now offers ways for you to help provide safe water, food, and education. We have also scheduled four trips to Africa this year that you are welcome to join.

Beautiful children and their families need our help around the world. First, we ask that you pray for our incredible and exciting journeys ahead. Next we ask, if you are not already a regular donor, please consider joining as a **"Hope Gives Regular Monthly Donor."** The chart provides multiple levels of giving. Thank you so much for all you are doing to partner with FoH as we all participate in God's work and help his people.

"Hope Gives" Monthly Donation Levels

Please visit FountainsofHope.org for more information on monthly giving opportunities.
