Transforming Lives Through Safe Water

Our Mission: Fountains of Hope (FoH) serves God's people by providing safe, life-giving water. FoH leads mission teams that install reliable and sustainable water purification systems around the world. Our simple purification system disinfects 3,600 gallons of water per hour using a cup of table salt, water and a 12-volt battery. Chlorine gas is made from the table salt through electrolysis and injected into the water killing deadly bacteria such as giardia, cholera and typhoid. FoH developed a simple solution that provides safe, life-giving water to people in need.

Most Challenging Installation: With the help of our Director of Operations, Pastor Shephard Zhou, FoH helped in installing a 4,000-gallon system (see photo below) in the very remote region of Binga, Zimbabwe. A solar powered lift station was developed to raise the water from the Zambezi River. The Zambezi is well known for its dangerous hippos, crocodiles and black mamba snakes. A \$3,500 water pump was required to provide the 300 psi pressure needed to push the water 600 feet up the plateau. Our typical homes in the USA have 60 psi of pressure. Due to the very high pressure, we blew out several locations of the thick plastic hose and had to go back and install galvanized piping. The system is working beautifully now and is also helping to irrigate the community garden nearby. Pastor Shepherd has helped FoH install 10 other purifier systems around Zimbabwe. He will be the feature speaker at our upcoming FoH Banquet on Sat. Nov. 19.

SAVE THE DATE!

FoH "Water Is Life" Fundraising Banquet: FoH is hosting our second fundraising banquet on Sat, November 19, 6-9 p.m. at the 502 East Event Center in Carmel. For more information to sponsor a table, or to attend the banquet, contact Bill Farrar at (317) 289-9170.

JOIN US ON A TRIP!

Haiti: Disaster Relief - October 23-31, 2016

Leader: Bill Farrar, Cost: \$1,900

Uganda: December 8-22, 2016

Leader: Nancy Harbron, Cost: \$2,900

Zimbabwe: Dec. 27- Jan. 7, 2016/17

Leader: Bill Farrar, Cost: \$2,900

Guatemala: March 2017

Partnering with several Rotary Clubs

Leader: Bill Farrar, Cost: \$2,000

Haiti: March 2017

Partnering With: St. Luke's UMC, Indpls.

Leader: Bill Farrar, Cost \$1,900

Kenya: July 2017

Install purifiers & Women's Conference

Leaders: Brian & Cynthia McCall, Cost \$2,900

HAITI HURRICANE DISASTER RELIEF

Fountains of Hope is preparing our team to provide disaster relief in Haiti. We hope to install 4 water purifier systems costing \$5,000 each at schools that will benefit those afflicted by Hurricane Matthew. Please keep our team in your prayers. All gifts, small or large, are greatly appreciated!
